**A message to the people of Iran and America**

Today, we commemorate a historic event that took place 83 years ago, on September 16, 1941 when two monarchs from the Pahlavi dynasty, despite their eventual powerlessness, contributed to Iran's salvation and the rise of the United States as a superpower.

To the great people of Iran and America,

Our countries' history shows how the cooperation between the Kingdom of Iran and the United States of America contributed to the establishment of a better world, accompanied by justice, security, peace, and freedom. On that day, when the American ambassador "Louis Grayson" intervened to end the demand of the two colonial powers, the Soviet Union under Stalin and Britain under Churchill, to despoiling Iran's territorial integrity, the United States of America emerged as a strong mediator in the world, and introduced itself as a pillar of superpowers among the military superpowers of that time, namely Britain and Russia. This can be a guiding path for the present and future of both the United States and Iran.

During World War II, Russia and Britain, two colonial powers, sought to occupy and divide Iran's territory. Reza Shah Pahlavi, who was under pressure from the two occupying powers in 1941, decided to step down from the throne, but with cunning and wisdom, he brought the United States to the international political arena as a new force and rival to the two old powers, Reza Shah Pahlavi and his son, Arvaneh Muhammad Reza Shah Pahlavi (the Shah), by introducing America to the international political scene, strengthened the United States political and diplomatic position and also consolidated Iran's position against the invading powers.

This move, which took place during the transition of the throne in Iran from father to son, showed how smart diplomacy can lead Iran and even the United States from great threats to greater opportunities.

Today, the United States of America is no longer the unparalleled power it once was. Weakness in domestic and foreign policies, accompanied by the speed of the internet and technological theft, has led to a decline in America's political and economic power. When you look into the

is a testament to the policymakers' plot (of Russian and English oligarchs) to sever the strategic and vital bond between Iranians and Americans.

By observing this path, Americans need to return to their former glory and reestablish this severed bond with the Kingdom of Iran. This bond can easily be restored through cooperation between American officials and patriotic politicians from both countries, with the son of the Shah, Reza Shah Pahlavi II. By cutting off trade cooperation and diplomatic ties with the Islamic Republic regime, and striving to open the way for the return of King Reza Pahlavi to Iran, we can assist Iranians inside the country, with minimal human cost, to overthrow the oppressive regime within a few weeks, and prevent the occupation and division of Iran by the old global powers that are the master mind of the Islamic Republic regime in Iran.

With the return of the kingdom to Iran, the process of freedom, peace, justice, and free elections will be established, and then the bond between the United States of America and the Kingdom of Iran will be reinitiated, putting an end to the 40 some-year old problems caused by the global mafia that was once failed in September 16, 1941.

**Our policy as Iranians:**

1. Unity with Americans for mutual interests

Today, the Islamic Republic is a common enemy of Iranians and Americans, and a threat to both countries. However, despite America's current weakness, this country remains a global power, and our shared interests in the region require that Iran and the United States once again stand together to strengthen each other and overthrow the Islamic Republic regime, along with its supporting mafia.

2. King Reza Pahlavi II is our trusted representative

Just as Shah and Reza Shah (the father and grandfather of King Reza Pahlavi) were able to benefit from a strategic alliance with the United States of America to improve mutual interests of our both nations, today those king's successor, King Reza Pahlavi II, as the representative of Iranian nation, is ready to revive this alliance with his wise leadership. King Reza Pahlavi represents freedom, justice, and progress in Iran and can be a bridge between Iran and America for rebuilding a free Iran and safeguarding America's interests in the world.

3. Shared Advantages and Mutual Challenges

Iran and the United States face analogous challenges, including terrorism, radical Islamism, and the rise of leftist authoritarian regimes. The resolution of these challenges necessitates the formation of a strategic partnership. At present, Iran occupies a crucial position in the Middle East and has historically been a strategic ally of the United States. The reinstatement of the Pahlavi kingdom, coupled with a strengthened alliance between Iran and the United States, would fulfil the mutual objectives of both nations.

3. Preserving the balance of power within the Middle East  
4. Gaining access to Iran's strategic markets to include the American economy  
5. Safeguarding global security and curtailing the influence of China and Russia  
6. Additionally various other goals that can only be realized through the restoration of the Pahlavi kingdom in Iran and the establishment of a durable alliance between the Iranian populace and the United States government.
